## Remington Rand Photocharger solves need for photographic bookcharging

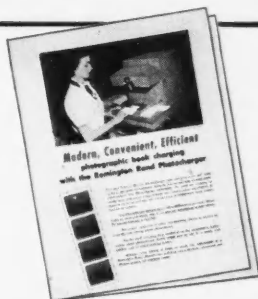

**BROOKLYN PUBLIC LIBRARY**—The Brooklyn Public Library System has found the main advantages of their 63 Photochargers to be: (1) immediate return of books to the shelves without the need for "slipping" and (2) simplified procedure in the preparation of overdue notices. For details, ask for insert SN 834.

**FORT WAYNE PUBLIC LIBRARY**—The net result of the 14 Photochargers in use at Fort Wayne has been that patrons are impressed with the speed of the Library's bookcharging operation and with the businesslike performance of the Photochargers. Details on the Fort Wayne installation can be found in insert SN 840.

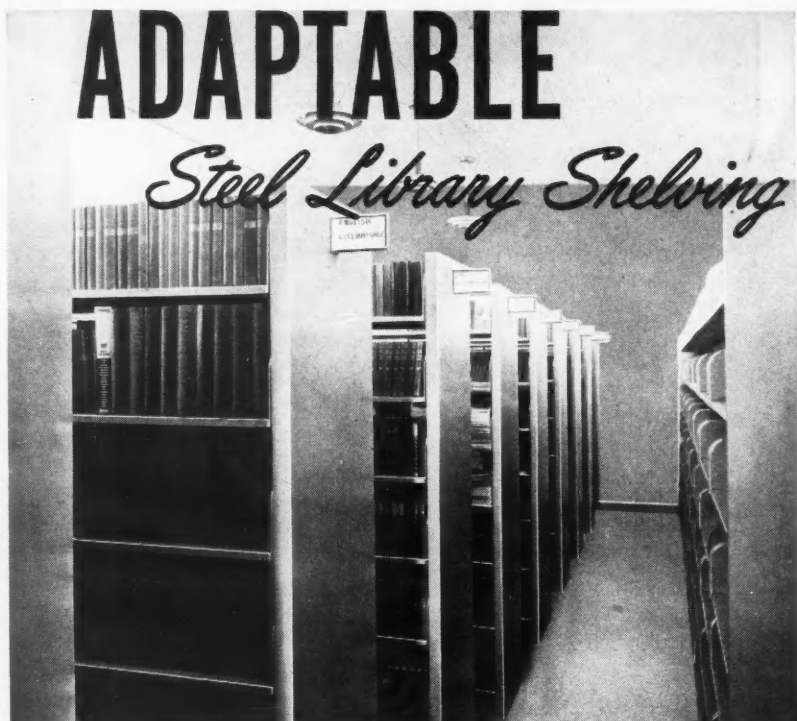

**STEELE MEMORIAL LIBRARY**—This Library has brought its service to all of Chemung County through the use of a Bookmobile. One reason this program has proved a success is the speedy, error-proof charging of books made possible by the Remington Rand Photocharger. Get the details from free insert SN 843.

**MODERN, CONVENIENT, EFFICIENT**—The new Library Bureau Photocharger cuts bookcharging work and costs by 50%, and gives all data on one easy-to-read paper photo-record. The Photocharger handles from 300 to 400 records per hour, cannot make an error and needs only 5 minutes to install. See insert LB 546.

Each library presents individual problems. For use where a changeable floor plan is desired, Ames offers Freestanding Steel Library Shelving. Where the book storage area is to be permanently located, Ames Multi-tier Bookstack construction should be considered.

Without obligation, Ames' experienced library equipment engineers will study your problems and recommend the equipment which meets your needs at the lowest possible cost. Your inquiries are invited.

## COMPTON'S for 1953

THE  
BEST ENCYCLOPEDIA  
VALUE EVER

COMPTON'S PICTURED ENCYCLOPEDIA has always been the favorite among librarians, teachers, and students — another big year of continuous building the 1953 makes an even better and finer source of reference.

Further enriched and expanded by 501 new or extensively revised articles — 1069 new pictures, maps, graphs — half a million words of newly written text.

Give your boys and girls immediate advantage of this finest of school encyclopedias — for full particulars, write:

# A.L.A. Mid-Winter Report

By ELIZABETH O. WILLIAMS  
*A.L.A. Representative*

The Mid-winter meeting of the American Library Association was held at the Edgewater Beach Hotel in Chicago, February 2-7. California School Librarians were represented by Mariorie Schramling, State President of SLAC, and State Assembly Member of the American Association of School Librarians and Elizabeth O. Williams, ALA Councilor for SLAC and Co-chairman of the AASL Planning Committee for the Los Angeles ALA Conference.

Joint conferences of officers and planning committee members of the Division of Libraries for Children and Young People and the American Association of School Librarians were held. Schedules of meetings and programs of both divisions were coordinated to avoid conflict and to encourage participation in the meetings of each group.

The usual crowded schedule of committee meetings and conferences marked this business meeting of the ALA and its Divisions. The meetings of the AASL were concerned chiefly with progress reports of committees. This indicated that the recent problems involving reorganization of the Division had been resolved and that committee activities were going forward. State Assembly reports from 25 states were of particular interest in showing the rapid development of school libraries throughout the South. Interesting developments, especially at the elementary level, were reported from New England. "Every School Needs a Library" is the title of a basic source pamphlet prepared by the New

England School development Council in cooperation with the New England School Library Association. Curriculum changes, recruitment, and training of School Librarians, building plans and standards, and organization of student assistants were common problems of State reports.

One day of the conference was devoted to an Institute on committee work, with the topic, "Committee Work as a Device for Advancing Action Programs." Panels of experts discussed the varied problems of committee organization and democratic functioning on the national level. The Institute pointed up the fact that successful committee work requires careful orientation of the chairman and committee members in regard to purposes and procedures with a systematic plan for transmission of the previous year's records. The setting up of reasonable goals within the realm of accomplishment was considered of primary importance. The highly structured organization of the Technical Processes Committee was used as an example of efficient organization on the State, Regional and Central areas, as it prepared an excellent statement on simplified and realistic subject headings.

The professional relations committee suggested the need for closer relationship between school librarians and classroom teachers and urged attendance of librarians at educational meetings. Nora Beust of the U.S. Office of Education reported on plans and programs of the handbook for School Library Supervisors which is the out-

come of last summer's workshop. She also announced the new report on school libraries, their personnel, salaries, budget, etc.

The extensive school building program, throughout the country, indicates the need for the work of the Planning Committee for School Library Quarters and the revision for school libraries. The report of the Elementary School Libraries Committee disclosed tremendous growth in the development of elementary school libraries throughout the nation.

Since 1950 five states have added school library supervisors or consultants in their Departments of Public Instruction: Arizona, Arkansas, Illinois, New Jersey, Pennsylvania, bringing the total number of states with supervisors to 29. How to obtain the services of a State School Library Supervisor was considered in the Conference of Library Supervisors.

The report on the AASL bulletin, *School Libraries*, was received with pride in the excellent new format.

The membership dinner was the only large social event and a delightful friendly occasion. Martha Bennett King charmed everyone with her reg-

ional folk songs. Sally Brooks McGuire read a humorous script in blank verse entitled, "Mirror for School Librarians," while her Traveling Troupe of Texans portrayed in pantomime, various types of libraries. Lyle M. Spencer, President of Science Research Associates, gave the address of the evening. He said publishers and school librarians are two groups most responsible for promoting, disseminating, and presenting knowledge to the future citizens of America. He explained the need for improved reading. Testing programs, improvement of motivation and experimental research will help to allay the fears and alarms at the prospect of obsolescence of reading, threatened by technical advances of the day.

The membership committee reported their goal was set for 5,000 members in 1953. As of December, the membership was 2,835. California has only 123 ALA members. Join your national organization this year and participate in the Los Angeles conference in June.

June 21 to June 27 are the dates to put on your calendar. This will be an opportunity and many will be needed to serve as hostesses and guides.

CURRENT TRENDS IN SCHOOL LIBRARIES. *Library Trends*, Vol. 1, No. 3, January, 1953. University of Illinois Library School, Urbana, Illinois. 422p. \$2.00.

A comprehensive review of the development of school libraries in the United States, this third issue of *Library Trends* provides a complete basis for study of the influences shaping the destinies of the school libraries today. Alice Lohrer, issue editor, is Assistant Professor of Library Science at the University of Illinois. Among the contributors are Frances Henne, Mildred L. Batchelder, Hazelle M. Anderson, Mary Peacock Douglas and Alice N. Fedder. Topics covered include the influence of the public library, administration, plans and equipment, national and state school library supervisors, standards and certification, and research. Comprehensive background material, extensive references to research and clear statements of well defined needs make this a valuable contribution to professional literature.

## U.S.C. PLANS SCHOOL LIBRARY WORKSHOP

A School Library Workshop at the University of Southern California, planned to follow the A.L.A. Conference, has been announced by Dr. Frances L. Spain, Assistant Director of the School of Library Science. Scheduled from June 29 to July 17, the workshop will offer three units of graduate credit, and will be under the general direction of Dr. Spain.

Miss Sue Hefley, Supervisor of the

Materials Center, Webster Parish Schools, Minden, Louisiana, will be visiting consultant on administration and related problems. Miss Alice Lohrer, Assistant Professor at the University of Illinois Library School, will be consultant on materials.

For further information, write to Dr. Frances L. Spain, University of Southern California, Los Angeles.

## AUDIO-VISUAL WORKSHOP

Librarians will be able to study the major problems and newest developments in the audio-visual field at a special workshop to be held in Los Angeles, June 19-21, for the three days preceding the American Library Association's Summer Conference there.

The workshop is being sponsored jointly by the library schools on the Berkeley campus of the University of California and at the University of Southern California, and by the Ameri-

can Library Association's Audio-Visual Board.

The place of audio-visual materials—including the use of non-commercial educational television—in libraries of all types and in library education will be studied and discussed.

Irving Lieberman, director of the Carnegie-supported audio-visual project on the Berkeley campus, is chairman of the steering committee for the workshop.

## DLCYP PRE-CONFERENCE INSTITUTE

School librarians have been invited to attend a Pre-Conference Institute sponsored by the A.L.A. Division of Libraries for Children and Young People, to be held at the Huntington Hotel in Pasadena, June 19 and 20.

Preceding the Institute on Thursday evening, June 18, there will be an informal author-editor dinner at which children's editors will introduce their authors.

The program Friday morning, June 19, includes a key note speaker. At luncheon, there will be small tables and leaders at each one to conduct discussions on specific problems. A

speaker on a general problem is scheduled for the afternoon session with opportunity for discussion groups afterwards. Television and the Library will be the theme on Friday evening.

The program on Saturday morning will deal with guidance of youth and youth's participation in the library program, and the library's place in community groups. The closing luncheon will feature an administrator as speaker.

Please make tentative reservations on the Tentative Reservation Form in this *Bulletin* issue.

## DUTTON-MACRAE AWARD

Librarians working with children and young people in either public libraries or in schools are eligible to apply for the new E. P. Dutton-John Macrae Award for Advanced Study in the Field of Library Work with Children and Young People, the American Library Association announces.

This annual award of \$1,000.00 was established in July, 1952, by the E. P. Dutton Company as part of its centennial celebration. It is in honor of two former presidents of the company.

The Award is made and is administered by the American Library Association. For 1953, a special committee was appointed by the Executive Board of the ALA to work out plans for the Award and to select the candidate to receive it.

Proposals submitted must indicate clear possibilities of contributing to li-

brary service to children and young people as well as to the professional growth of the recipient. The award may be used for formal advanced study in librarianship or related fields or for informal advanced study and investigation through directed services in an established children's or young people's department in a public library or in a school library, or through other appropriate projects.

Applications for the 1953-54 award must be received by April 15. For further details and application blanks write to:
